SUMMARY

BCA student with hands-on experience building Python applications and projects in network monitoring, anomaly detection, cybersecurity, and machine learning fundamentals. Skilled in Python, networking, operating systems, web technologies, Git/GitHub, and Linux fundamentals. Seeking a technical internship in software development, IT, cybersecurity, networking, or related areas.

EDUCATION

Bachelor of Computer Applications (BCA) — City College, Jayanagar
3rd Year

TECHNICAL SKILLS

Languages: Python, Java (Basic), C (Basic)

Web: HTML, CSS, JavaScript (Basic), Django, Streamlit

Cybersecurity & ML: Network Monitoring, Threat Detection, Anomaly Detection, Cybersecurity Fundamentals, Scikit-learn, Isolation Forest, SHAP

Networking & OS: TCP/IP, Routing & Switching Fundamentals, Windows, Linux (Basic), Windows Administration

Tools: Git, GitHub, VS Code, Scapy, ESP32, JSON, CLI

PROJECTS

EATRS — Explainable Adaptive Threat Response System | *Python, Scapy, Scikit-learn, SHAP, ESP32, Django*

- Developed a network monitoring system to detect anomalous activity using Python and **Isolation Forest**.
- Used **SHAP** to explain model predictions and correlated network and sensor evidence for adaptive threat response.
- Built a **Django dashboard** and tested the system using controlled simulated traffic and live monitoring.

Password Suite Tool | *Python, Streamlit*

- Developed an interactive tool for password generation and strength checking using Python and Streamlit.

CLI To-Do List | *Python, JSON*

- Built a command-line task manager with JSON-based file storage and user input handling.

Number Guessing Game | *Python*

- Developed an interactive command-line application using Python logic and user input.

CERTIFICATIONS

AI Using Python | Agile, Scrum, and Waterfall Methodologies | Windows Administration

ACTIVITIES & SOFT SKILLS

Activities: Cultural Committee Member | College Event Volunteer & Coordinator | Event Anchor

Soft Skills: Communication | Teamwork | Leadership | Problem Solving | Fast Learning
